## Archaeology and historic environment

Additionally, conducting archaeological surveys is cost-prohibitive and can be a burden on state agencies on projects where federal funds are not involved. Knowing the difference in chert usage between sites of the same temporal, regional, and cultural affiliation should help guide my interpretations of later comparisons. While the above approaches to nonbinary gender by no means present a fully developed archaeology of nonbinary gender in pre-contact Inuit contexts, they poke holes in the way archaeologists currently explore Inuit gender, while presenting potential starting points for future research.

In England, the former owes its origins to scholars like William Camden, and William Stukeley who toured their homeland recording the material remains of their ancestors.

## Archaeology: Examining Its Past and the Future

Figure 1 Ivory polar bear effigy and possible seal drag handle fragment with incised V-motif, found at Qariaraqyuk PaJs-2 The mixture of gendered function and features hints that the gendered meaning of artifacts is not always simple or singular. York City Council will maintain and update an archaeological database for the city.

## Regional Research Frameworks

It is likely that York gained this elevation in rank when it became the capital of lower Britain or Britannia Inferior during the reign of Emperor Caracalla whose father, Septimius Severus, had died in York in 211 AD Ottaway, 1992: 83. There is also the probability that a well-preserved sequence of archaeological deposits with waterlogged preservation exists on the site. Some of the archaeologists are optimistic that with the inclusion of the research agenda in York's archaeological policy, research excavations will at some point take place.

## **Archaeology: Examining Its Past and the Future**

The summary of Basque experiences may in turn serve as a sampling of the potential offered by European baggage, by providing operative keys to mediating, for instance, in the transformation processes of historic Latin American cities — as demanded in several texts in this volume Azkarate, Ferreira. Humans have always placed value on objects to which we ascribe either meaning or its own family historical importance 1.

### **Archaeology and historic environment**

In the early 1990s, as a reaction against the anthropological tendency to classify diverse Indigenous genders and sexualities as third, LGBTQ Indigenous scholars and activists coined the term Two-Spirit to describe Indigenous gender and sexual diversity in their own terms Driskill et al.
