Stone Conservation

What a splendid motto for a university which has as its task the discovery of truth wherever she leads, no matter the risks encountered. Such discussions on wasted resources and the links between them are in keeping with the Sustainable Development Goals SDG that were drawn up in September 2015 by the United Nations, and which have confirmed and expanded on the development process launched in 2000 through the Millennium Development Goals MDG.

Organic Eprints

The movie's soundtrack album has soared to the top of the music charts.

Items where School is of Computing and Engineering > Pedagogical Research Group

Detailed analyses of this situation are given by Lewin 1982 and by Hall and Hoff 2007 and in a useful new book by the Italian engineer Edgardo Pinto Guerra. Forests serve functions that are crucial to the survival of life on Earth, acting as lungs for humankind, barriers against soil erosion, carbon sinks and reservoirs of biodiversity, food and energy resources.

Stone Conservation

We need to be able to describe the decay and to measure its extent. NINA CZEGLÉDY ISEA Board Member gave the report from the Cultural Diversity Committee on behalf of co-chair CYNTHIA BETH RUBIN. Unpublished Chang, Victor 2011 In: SET for BRITAIN 2011, 14 Mar 2011, Houses of Parliament, London, UK.
