International Business Ethics: The Role of Global Business Leaders

The employer's conclusion that Jamie's guilty plea demonstrates that he poses an elevated risk of dishonesty is not factually based given Jamie's history of trustworthiness in the same job. Some ethical systems cut across the three categories.

International Business Ethics: The Role of Global Business Leaders

Some government entities maintain publicly available lists of individuals who have been convicted of, or are suspected of having committed, a certain type of crime. Complex ethical thinking, bringing principles and facts together for reflection, is inescapable. Ethics is sometimes identified with an inflexible set of rules and self-righteous moralizing.

Substantive and Jurisdictional Aspects of International Contract Remedies: A Comment on Avery Katz's "Remedies for Breach of Contract Under the CISG"

He boldly pursues his goals and dreams.

Theories of the Common Law of Contracts (Stanford Encyclopedia of Philosophy)

For criminal conduct exclusions, relevant information includes the text of the policy or practice, associated documentation, and information about how the policy or practice was actually implemented.

Ex-felons were a larger share of the total working-age population: 6. His writing is clear, concise, engaging, and most of all, persuasive.

Legal Ethics, Rules of Conduct and the Moral Compass

The III database compiles records from each of the state repositories, as well as records from federal and international criminal justice agencies.

Theories of the Common Law of Contracts (Stanford Encyclopedia of Philosophy)

Tort law, after all, remains backward-looking: the obligations it contemplates including obligations associated with representations concerning current intentions or future actions are limited to preventing losses.
