Therefore, it is important to carefully evaluate whether the approval process creates a contract with enforceable rights and obligations between the entity and its customer. We do not believe that a company would need to consider missed forecasts attributable to COVID-19 when determining whether it has exhibited a pattern of missing forecasts that would call into question its ability to accurately predict forecasted transactions and the propriety of using cash flow hedge accounting in the future for similar transactions as discussed in.

Simplifying implementation of FASB's not

In some cases, revenue may be recognized over time such that all or most of the revenue is recognized prior to delivery. Registrants may choose to provide preliminary GAAP results that either include provisional amounts that are based on a reasonable estimate or a range of reasonably estimable GAAP results.

Amazon says new accounting rule will change when it recognizes sales of its devices

The determination of whether a right-of-use asset is or will be abandoned under is an entity-specific evaluation. In addition, because many of its customers are experiencing financial difficulties and liquidity issues, an entity may need to develop additional procedures to properly assess the collectibility of its customer arrangements and consider changes in estimates related to variable consideration e. Their next pay date is April 3rd, for time worked through March 28th.

Accounting for rent concessions

An insurance recovery for that loss should be recorded when the realization of the claim for recovery is probable.
