### Inception

An important change resulting from globalisation and westernisation has been to emphasise the commonalities between the various versions of the religion and the different philosophical schools, rather than the differences.

### Buddhism

Often a sect begins as an offshoot of a denomination, when a group of members believes they should separate from the larger group. Buddhism has spread rapidly and has become popular through the promotion in the media of both its doctrines and its leaders. The Way of Zen, Penguin Books Ltd, Harmondsworth, 1962 Videos About Buddha ABC, Sydney, 2004 Buddha Realms ABC, Sydney, 2001 Cave in the Snow About Us series, Liz Thompson, Australian Film Foundation, Australia, 2002 Chasing Buddha SBS, Sydney, 2000 Footprint of the The Long Search series, Buddha BBC 1985.

### From the Ground Up: Buddhism and East Asian Religions

In Tibet a meat diet was necessary for everyone because fruit and vegetables were not varied or plentiful enough to maintain health.

### What does Buddhism teach about the environment?

Buddhism teaches that personal practice and safeguarding our environment are closely connected. Summary Sociological terms for different kinds of religious organizations are, in order of decreasing influence in society, ecclesia, denomination, sect, and cult.

### BBC

The sacred text for Christians is the Bible. Dharma All Buddhist teachings and practice come under the heading of Dharma, which means Truth and the path to Truth.

### BBC

Rather than taking life, Buddhists are encouraged to show and to all creatures and believe that all life-forms are special, not just human beings.
