**The Don formation, Toronto, Canada: a record of the sangamonian interglacial and early wisconsinan (warm part of MIS 5e to a MIS 5 cold substage)**

Fort Mississauga is a large, square, brick defensive tower set within the remains of earthworks on the shoreline of the Niagara River.

Sedimentology of the Huronian Coleman and Firstbrook Formations, Cobalt Area, Ontario 1973 Carleton University M. Nevertheless, trunks and branches of red cedar and Unio shells with both valves united observed in the lowermost blue clay by Coleman 1941 correspond to warm interglacial conditions.

## House Styles: The Look of the American Home

The Lithological Units, Structural Elements and Interpretation of Exit Bay Narrows, Birch-Uchi Greenstone Belt, Northwestern Ontario 1998 Queen's University B.

## House Styles: The Look of the American Home

An Ichnological and Sedimentological Study of Devonian Black Shales from the Long Rapids Formation, Moose River Basin, Northern Ontario 1987 McMaster University B. The Archean Round Lake Batholith, Abitibi Greenstone Belt: a Synthesis 1986 University of Ottawa M. It now houses the Museum of Health Care.

## Long

ITQs allocate limits for specific fish species, expressed in a number of pounds, that individual licence holders are allowed to harvest and sell.

During one of La Salle's extended explorations of the interior in 1682, the fort fell into the hands of creditors who neglected its defences and, after an attack by the Iroquois, the French ordered the fort's destruction in 1689.

**The Don formation, Toronto, Canada: a record of the sangamonian interglacial and early wisconsinan (warm part of MIS 5e to a MIS 5 cold substage)**

The chapel is enhanced by its elevated site and the picturesque setting of St. Beechwood Cemetery is the site of the National Military Cemetery of the Canadian Forces, purchased by the Department of National Defence in 1944 for interment of veterans of the Canadian Forces CF. Colonnaded Greek Revival mansions—sometimes called Southern Colonial houses—sprang up throughout the American south.

**Distribution and abundance of freshwater polychaetes, *Manayunkia speciosa* (Polychaeta), in the Great Lakes with a 70**

A Cobalt Occurrence near Werner Lake, Northwestern Ontario 1955 Queen's University B. Ermatinger in 1812 had led a party of volunteers under Captain Roberts in the capture of Michilimackinac which secured the North Country for the British and was a powerful factor in bringing about the surrender, by Hull, of Detroit in August, 1812. Regional SUD0127 SUD0141 Ber, T.
