Fasold and Wolfram

In an attempt to redress this imbalance, we will present in this paper some preliminary research which we and our students have done on narrative comprehension and response among African American school-children and their teachers, as affected by the linguistic variety employed AAVE vs Standard English.

UNSTRESSED VOWELS IN APPALACHIAN ENGLISH

Journal of Linguistic Anthropology 11: 52-64.

American English: Dialects and Variation

This chapter explores the nature of social dialects within American English — in relation to which the stakes are much higher than they are for regional dialects.

Social Communication

It deals with a number of items, some of which have often been discussed, others that have been less emphasized.

Dialect Readers Revisited

Not really intended for someone with absolutely no background in Linguistics, but a minimal introduction to the field should be enough. As the foci of these volumes indicate, the first decade of linguistics research on AAVE 1964-74 was strongly oriented to educational concerns, and the first large-scale quantitative sociolinguistic surveys of AAVE Labov et al 1968, Wolfram 1969 were in fact funded by grants from the US Office of Education. Language Variety in the New South: Contemporary Perspectives on Change and Variation.
