The email does not provide Riedel's source. While I welcomed the opportunity to be of service, it seemed to me that the issue was not what training to do next but rather why these decision-makers hadn't taken steps to deal with these individuals' behavior and failure to perform to clear standards. He demonstrated what He expected them to learn.

They may be tempted to ignore the misconduct because, the thinking goes, losing the superstar would be too costly. Similarly, because unions have obligations towards all union members, the union must work with the employer to have a system that works in a fair manner for any individual accused of harassment.

A fifth factor could be that the institution does not make sufficient use of missional criteria in the acceptance of new students into their programme or the hiring of faculty and staff. In one study, training heightened participants' sensitivity to the sexual harassment, with men in particular responding positively to the training experience.

A range of legal professionals - from practising lawyers to former judges, academics and legal commentators - have been invited to reimagine an area of the law or of our justice system, and share their thoughts with us. There has also been some research on the prevalence of racial harassment in particular industries.
