24/7: How Cell Phones and the Internet Change the Way We Live, Work, and Play by Jarice Hanson

A total of 74 percent of users reported connecting to the Internet from their phone on a daily basis, while 84 percent did so at least weekly.

How Is the Internet Changing the Way We Work?

Broadcast radio even relied on wires to share information. She believed in this project before I did. Many people, particularly the younger members of our society, spend hours each day negotiating the world of the Internet—time they are not spending with other forms of media or with other people.

247 How Cell Phones And The Internet Change The Way We Live Work And Play PDF Book

The benefits of always-online immediate availability are highly significant.

24/7: How Cell Phones and the Internet Change the Way We Live, Work, and Play

When this happens, we cede a conscious awareness of the elements of time to the technology, or in other words, the technologies can appear to control us.

24 7: How Cell Phones and the Internet Change the Way We Live, Work, and Play

Another distribution form that has potential to change the cost structure of sending material through wired and wireless technologies is the Voice over Internet Protocol, or VoIP.
