**Portrait du colonisé, précédé du portrait du colonisateur — Wikipédia**

Around the same time, he was working on his unfinished double portrait of George Lawson and Wayne Sleep 1972-5, Tate.

**Triple Portrait of Cardinal de Richelieu**

The composition was inspired by a serendipitous combination of photographs that Hockney noticed on his studio floor: one of a man swimming underwater, taken in California in 1966, and the other of a man standing looking at the ground. Une des premières éditions du livre est dédiée aux Québécois. It is likely that the painting was also used by for his 1641 , now in the.

**Triple Portrait of Cardinal de Richelieu**

He then travelled for several months with Mark Lancaster, and returned to the work in early 1972.

**Smithsonian's National Portrait Gallery, Washington, D.C., United States — Google Arts & Culture**

Juxtaposed, it appeared as if the standing person was looking at the swimmer.
