Academic writing and communication skills

While learning-management systems make it possible for faculty members to keep electronic teaching materials separate from scholarly, political, or personal materials often found on faculty websites, many instructors still frequently post course materials on websites alongside other content, some of which may be controversial. Disclaimers may be useful, though their value is often exaggerated.

Professional and Technical Communication: An Overview

This report is not the place to discuss all the myriad issues of academic freedom, shared governance, intellectual property, and institutional finances raised by the spread of online education. Stay in touch with workshop opportunities on the portal.
