The struggle against authority will be violent, because authority itself is violent and the inevitable repression is an escalation of that violence. It refers, not to our own successful American Revolution, but to the even more momentous revolution of 1688 in England. He also talked about the recent midterm elections and the frustration of white voters, especially white men, at the failure of either the Republicans or the Democrats to improve their lives.

But the occupied factories in Argentina have survived by one of two means: either becoming legally recognized and recuperated into a capitalist economy, simply a more participatory form of corporation; or putting in their time at the barricades — fighting off police attempts to evict them with clubs and slingshots and building alliances with militant neighborhood assemblies so that the authorities fear a spreading of the conflict if they escalate their tactics. If high levels of telecommuting are sustained, peak hour congestion would decrease as would the associated demand for the public provision of related services and infrastructure. Fast food and restaurant chains need to pass their recycling exams Demonstrators demanding justice in the Michael Brown case, and an end to police murders of people of color across the nation, took to the streets of San Francisco Friday night, largely closing down Market Street.
