Diversity Matters in Academic Radiology: Acknowledging and Addressing Unconscious Bias

Are you afraid of your committee or task force appearing too white? Does implicit bias reflect my beliefs about equity or inclusion? It is your responsibility to be aware of your own unconscious bias, to be observant of others, and to notice reactions of those in the room to know when to intervene. Anything written by native and indigenous folks? The information here provides a basic overview of important considerations related to Diversity, Equity, and Inclusion DEI. Although Medicaid eligibility varies substantially by state, we nevertheless specifically selected this group for analysis in an attempt to create a cohort that was more socioeconomically homogeneous.

Race And Ethnicity

Sensitivity Analyses To examine the robustness of our results, we performed several sensitivity analyses.

Tokenism

There is also an assumption that only people in power can have biases, when in fact, people who are in marginalized groups can also show biases in favor of or against certain groups. The information will be posted with your response. As pointed out by Agyeman and Erickson 2012 and in chapter 6 by Doan, multicultural discourses generally emphasize race and ethnic diversity and neglect differences in gender, age, class, sexual orientation, cultural heterogeneity, and disability.
