Environmental Design: An Introduction for Architects and Engineers: Thomas, Randall:

For practising architects and undergraduates alike, this book contains much useful and thoughtful guidance.

Description: Tahfīm al

Today we talk about their best Impact Drivers from various companies. They conclude with a selection of detailed case studies of award-winning projects — including, new for this third edition, Beaufort Court, King's Langley and the National Trust Headquarters, Swindon. Each chapter concludes with guidelines, all succinct, some naive, and is generously referenced while further readings are suggested.
