Libros:

The overall aim of this PhD study is to provide background data for the environmental assessment of a wide range of AD of SSOHW implementations in Europe.

Libros:

SSOHW is also accompanied by non-biodegradable impurities in the collected waste fractions.

[PDF] THESIS ANAEROBIC DIGESTION OF ORGANIC WASTES THE IMPACT PDF

This is important for system optimisation regarding both technical performance, e.

Management of source

For AFW, KT, VW and DP, performance with AD was better unless it was compared to a highly efficient incinerator.

EDIP Summary Notes PDF

Lab-scale results were further reaffirmed from the start-up of a full-scale plant 7000 m³ total capacity which was supplied with inoculum corresponding to approx.
