U.S. Post Offices

He spent an entire day looking through tax records for Philadelphia and it ended up as a 3 minute segment. Women were eligible and were frequently appointed postmasters of small rural post offices, especially starting in the last quarter of the nineteenth century. Available for , or for the nearest Regional Archives that has a copy of this microfilm publication.

Millthorpe

Building Facts Architect: Willoughby J. This should be self evident.

Jennyalogy: April 2015

His expedition took him through the present districts of and , before discovering the Lachlan River.

Jim Forte Postal History

With the exception of the Washington Monument, it is the tallest building in the city. The fenestration is conceived as a two-story unit terminating in round-headed windows below the arches, which are supported by twin-columned mullions forming four arcades on the east and west wings and twelve arcades on the sides. Davenport was Deputy Postmaster at Philadelphia.
