Guiding takes place on a rotational basis allowing anglers to experience all the different characters within the guide team.

Blue River

The hatches are best during the summer and fall. Dillon Reservoir is one of the few Colorado reservoirs that was stocked with Mysis Shrimp and as a result, when water is released from the dam, shrimp trickle into the river. Tom got to fish from Canada to the Florida Keys, the Yucatan, and Belize in Central America and caught many different species of fish.
