UNESCO Heritage Sites and culture around Ireland

The development of a particular religious attraction around the story of St Patrick is presented that demonstrates potential contribution toward regional development.

Heritage as the USP for Tourism in Northern Ireland: Attraction Mix, Effective Storytelling and Selling of a Dark Past

And most importantly, are the public and private sectors and other organizations such as religious institutions, willing to collaborate to develop and promote religious tourism in Northern Ireland? The Irish landscape is composed of places steeped in association with the older Gaelic culture, whether through the world of the ancient epics or through the sacredness of certain sites, and as we travel across the distinctive landscapes of each county our experience and perspective today is heightened and enriched by the new layers of meaning our writers continue to lay down. Glaciation also gave the land its main valleys: those of the which drains Lough Neagh to the Atlantic Ocean in the north, the in the southwest, and the River in the east.

Will the development of religious tourism in the region benefit the local economy and the communities within which the religious attractions are located? All these valleys have been important routeways, but none have been more important than the Lagan, penetrating from to the very heart of Ulster.

What we do

Thus, a number of opportunities for tourism growth have been identified by the Northern Ireland Tourist Board through the development of five

Signature Projects, one of which is St Patrick and the Christian Heritage.
