The Problem of Metahistory

Not in His Image describes the rich spiritual world of pre-Christian classical Europe—the Pagan Mysteries, the Great Goddess, Gnosis, the myths of Sophia and Gaia—and its future as a force for rebalancing our lives and reconnecting to the earth. Barnes, The Historian: A Journal of History, vol. It raises the crucial question: If the beliefs you hold are insane and inhumane, how would you know? Living into the story ahead, a Gaian tale to guide the species, depends on the inspiration to imagine the tale, and the language to tell it in its fullness and depth.
