Wildlife Heroes Wildlife Rescue Handbook to keep animals and rescuers safe this summer

That's what I'll call him, too! Eventually, they lost their way in the forest about 1. The angry mother ended up knocking her owner to the ground, and continuously pushing her into the dirt, making sure that she was far away from her calf. There, his taxidermied body can be seen alongside another World War One animal hero already featured here, Cher Ami.

Steve Irwin: The incredible story of the wildlife warrior

The herd watched the antelope leave the cage and dart off before they walked off into the night.

ABC News, she carried the injured boy around, gently guarding him against the other gorillas until letting him go when zoo officials were able to safely remove the boy from the situation. Today, his barks alerted his owners and they were able to get the couple to safety. That is, if Mila, one of the two beluga whales in the tank, didn't see the trouble and.

Animal Heroes: Interviews, Stories, Dogs, Cats, Pets, Wildlife, Kindness, Adoption, Rescue, Animal Hero Kids

What did the janitors have to do to apply for their jobs? They have specialist equipment, food and medical supplies to save the lives of wildlife and give them the best chance of getting back to the wild.

To some, he was just a reckless attention-seeker. The animals were close to the girl for only half a day, leading some to think they were simply just waiting to eat her since she was wounded and not a threat to them.

The 24 Most Heroic Animals In History

Kiko the Biter You wouldn't think that the act of biting off a man's toe would be a lifesaving act, but that's exactly what happened to Jerry Douthett of Rockford, Michigan.
