Diminishing Resources, Increased Demands

Spending Trends While districts have made investments in their infrastructure—almost 45 percent of schools enjoy wireless connectivity—they still have a ways to go when it comes to hardware and software. The bottom of the U is the point of least cost. When biodiversity is low, farmers have to introduce large quantities of pollinators, such as honeybees to pollinate their commercial crops.

Diminishing Water Resources Threaten Peace

These national ecological footprint calculations also conflate sustainability with self-sufficiency.

Amplifications: Water, a diminishing resource

Let us assume, you start by reading 30 pages for the first hour, then, 40 pages for the second hour, and so on. Addressing the amphibian extinction crisis represents the greatest species conservation challenge in the history of humanity.

Amplifications: Water, a diminishing resource

We had no wealthy relatives or, indeed, any relatives to fall back on. Fiscal stimulus: Saudi Crown Prince Mohammed bin Salman © Alamy His comments were interpreted as an attempt to address concerns about the PIF spending money overseas at a time of recession at home, and an acknowledgment that the government needs to redirect funds if it is to push ahead with state-backed projects.

5 Resources That Are Diminishing Rapidly

They are also the source of a majority of medicines in use today.
