## Takeminakata

In historical texts he is also known as the great god of thunder. Usually, himorogi are simply areas demarcated with green bamboo or at the four corners supporting sacred border ropes called. In one such story, Suwa Myōjin once came to in the form of a dragon so gigantic that only his head can be seen; his tail was still at Suwa, caught in a tall pine tree by the shores of the lake.

## Template:Shinto shrine

See also Jaki below and Jama below. On crossing the bridge, the path turns to the right along the banks of the Isuzu river and passes through large landscaped gardens. Two Hierarchies under the Emperor in State Shintoism Such priests, who thought and acted politically, founded State Shintoism, which was one of the important pillars of the Meiji State which encompassed religion as a means of dominating the Japanese people.

## Ise Shrine

According to legend, a mysterious human figure reportedly appeared on a rock immediately in front of the gate to Kasuga Shrine.

## Where is the Shinto shrine located?

The first of two large torii gates stands just beyond the Tenizusha. The temple also served as an important government-run workshop in the Nara and Heian periods. Local legends from within Nagano Prefecture claim Takeminakata to have passed or stayed in various places within the region during his escape.
