Tomorrow's Teachers

Analyzing Visual Data Students are very engaged by visual data also called data visualization or information graphics, as they appreciate the concise and creative ways that complex and abstract facts and concepts can be shared with an audience. SIT: Surprising, Interesting, Troubling Definition A SIT analysis asks students to list aspects of a lesson that were surprising, interesting and troubling.

6 eLearning Strategies To Develop Deeper Learning Skills

Carl Rogers presents a Humanist approach to classroom management. Important Considerations This unit might begin as an exercise in visual analysis or it might arise from studying a topic or theme, such as war or work, that has been influenced by documentary photography. Yet, the teacher who wants to promote creativity can help connect the stereotyped behavior of a given child with the larger world of imaginative play.

Experts Imagine Schools of the Future

The goal of this repetition is to confirm what the listener has heard and to confirm the understanding of both parties. Reflection 5-10 minutes This phase allows the whole class to regroup and review the lesson objectives, share learning, and reflect on what worked or did not work. Enjoy, and thanks for stopping by! Active Listening Definition Active listening involves using strategies to pay close attention to what someone is saying.

95 Lucy Calkins ideas

These kinds of responses can be displayed purposefully or involuntarily.

Supporting Multimodal Literacy

Before each lesson, or at least most of my lessons, I model writing on the Smartboard. Pavlov, a famous behaviorist found that he could teach his dog through repetitively associating a bell with food.

Children's Literacy Initiative

A short clip can even be viewed with the sound down before adding audio elements to the analysis. Then, the pairs join up with another pair to create a group of four.

Helping Difficult Students Read Difficult Texts

After illustrations are completed, we begin writing our story. Writing about art also requires a great deal of active descriptive writing.

Supporting the Literacy Development of Students with Autism

Give One, Get One Definition This strategy involves getting students to trade ideas with one another.
