### Germany

Furthermore, each citizen has two opportunities to exercise the most fundamental democratic right, namely the right to vote; in a federation, elections are held both for the national parliament and for the parliaments of the individual member states.

Incidentally, even back then the Basic Law also expressly provided for the accession of the eastern Länder to its area of application, a step that could finally be taken 41 years later. There is much to be said for this competitive aspect of federalism — as long as it does not flourish at the expense of the necessary solidarity.

### German federalism: How does it work?

First, they administer programs authorized by the federal or state government. Second, precisely because federal constitutions are as unique and distinctive as peoples and countries, a comparison of them is just as difficult as it is intriguing. On 24 August 1976, the binding provision for a new delimitation of the federal territory was altered into a mere discretionary one.

### COVID

This is attributable not least to the fact that the subsidiarity principle has not always been observed. Germany - officially the Federal Republic of Germany - is, as the name suggests, a federal republic made up of 16 sovereign states Länder or, informally, Bundesländer.
