## The Dimensions of Ethics

Normative Theory of Ethics in Business Accounting One significant theory known as Utilitarianism plays a significant role today. Our business does NOT deal with ghostwriting services as we are aware of this being one of the academic misconducts.

Metaethical Nature Metaethics is typically related to the study of moral language as well as encompasses the meaning of certainty. In clear and engaging fashion, the author first examines the scope of ethical theory, and explores central metaethical questions such as the issue of relativism, and the relationship between morality and religion.
