But this is not so, nor was it part of Heidegger's intentions that it should be so.

**The Anthropology of Time (豆瓣)**

Of course, by this act he merely shows us how it cannot be escaped. Historical Metaphors and Mythical Realities. All our vital interests, in health, wealth, progeny, salvation, depend on the disposition of 'real' events in 'real' time, but we have no recourse to these events taking place in real time because, physically speaking, each one of us is only another smear of events, not belonging to another category at all from the events in which we are so interested.

**[PDF] 1 The Temporality of the Landscape Tim Ingold**

A' is a 'modification' of the original A, what A looks like from B, i. Activity space is thus deleted.

**The Anthropology of Time: Cultural Constructions of Temporal Maps and Images**

Time - relentless, ever-present but intangible and the single element over which human beings have no absolute control - has long proved a puzzle.

**Alfred Gell**

Ibero-Americana Pragensia Gell takes a broad sweep and his book is likely to be the standard one in this field for some time to come. This way of formulating temporal logic puts an outer shell of necessity around a soft body of possibility.

**History Matters: The Temporal and Social Dimension of Geodesign**

We can also approach this problem from the other end, starting with the aggregate frequencies of activities, derived from time-budget surveys.

**Tricking Time, Overthrowing a Regime in: The Cambridge Journal of Anthropology Volume 34 Issue 1 (2016)**

What determines, to a great extent, the course of events in this or any other possible world is the space-time geometry of the environment. Part II: The Limits of Relationship'. The past's realized prophecies thus argue that the future the prophet is seeing in a given present will indeed be realized.
