Paekche had been constantly at conflict with the commanderies and later Goguryeo. These aspects can be explained by one of the two reasons described below.

Holdings: Paekche Konji wa Tongsŏng Wang :

In consideration of these factors, firmly demarcating the territory of Paekche during the Hansŏng Period may be an impossible task. Also, it would have secured transportation routes in the surrounding areas that were of lesser importance and exercised influence over them in order to eliminate the risks of the transportation routes to major bases being severed. There are two premises on which these arguments are based: Based on these premises, archaeological studies in the past have estimated the territory of Paekche during the Hansŏng Period depending on the existence of Paekche pottery.

As the illustration shows, the settlement sites where Paekche-style pottery were excavated are distributed throughout a broader region and more concentrated to the south of the Han River than to the north.

Postcolonial aspiration and contestation : politics and poetics of nationalist discourses in two national museums of South Korea

One of the most significant motivational forces for nationalist consciousness in South Korea is not self-determination but its postcoloniality. Generally speaking, direct rule refers to a system of government in which regions are controlled by the central government, while indirect rule refers

to a system in which the central government rules through a tribute system or by granting prestige goods to local ruling elites.

This presumption was particularly prominent in discussions based on the record from the thirteenth year in the reign of King Onjo, written in the Samguk sagi History of the Three Kingdoms : A states the boundaries of Paekche at a particular point in time.

An Alternative Approach to the Expansion of Paekche during the Hansŏng Period

It would be a mistake to apply Western discussions on ancient states directly to Paekche during the Hansŏng Period.
