Partynost, or "party spirit," along with IDEYNOST and NARODNOST one of the chief requirements for literature under SOCIALIST REALISM. The expression of "party spirit," i.e., of identification with the goals and methods of the Communist Party, is a quality demanded from writers by Soviet critics. LENIN is credited with originally stating the necessity for the expression of "party spirit" in literature. The opposite of *partynost* in art is "bourgeois decadence." (See Criticism, Soviet.)
