The author points to the modernity and effectiveness of the use of computer technologies in the educational process, while noting that the resources of the language laboratory are especially effective in teaching students communication skills.

Социальное государство. Что это?

Attention is focused on the severity of special signs of speech aggression in the product of speech activity. The article deals with the application of civil law institutions-representation and power of attorney as a form of its implementation in the penal system.

## **Социальное государство. Что это?**

Applying the successful experience of foreign countries in the field of tax control can have a positive impact on tax control in Russia. In our country, intellectual property insurance is a fairly new type of insurance for the insurance community, where such types of insurance as property insurance, insurance of liability for damage OSAGO, CASCO, insurance of the risks of property loss are used to a greater extent. The authors in the article define the general criminological characteristics of the personality of a juvenile offender and come to the conclusion that it is three main groups that make up this category of criminals.

## **Sotsial'no**

Then the information sector of the economy of modern society is being studied and conclusion is made that taking into account the individual tastes of people leads to the development of personalization mechanisms in the industry of informational products and services. It is particularly noted that the methods used by the internal affairs bodies in carrying out administrative activities are of great importance. FC77-67559 of October 31, 2016.
