## Hydrogeology of the central Mackenzie Valley

Given the difficulty in traveling throughout the territory, it was possible to identify distinct groups, which frequented particular sections within the larger Sekani territory. National geochemical reconnaissance, southwestern Ontario 52B, C. P-P' illustrates that only a thin remnant lower Mount Kindle of the Mackenzie Platform sequence extends southward into the Atlas area Meijer Drees, 1975.

## Defining a 'reasonable geographic framework': Path Distance as native copper provenance in the Arctic, Subarctic, and Northwest Coast

La tendance générale au printemps et à l'automne est donc différente selon que les espèces demeurent actives ou non tout l'hiver. Le cycle d'activité semble donc modifié de façon à profiter d'une période relativement plus chaude de la journée en hiver et de moments relativement plus frais en été.

## Browse by Department (theses only)

Limited Toronto Collections Massey-Harris No. Krim, who was 67 years old, was found sitting in a chair in his apartment at 120 East 10th Street.

## Project MUSE

The first Forest Service office opened in what was then called Prince George Forest District. In The Impacts of Climatic Fluctuations in Alberta's Resources and Environment: Proceedings of the Workshop and Annual Meeting of the Alberta Climatological Association, February 1981. It has survived long enough for the copyright to expire and the book to enter the public domain.
