Â ThisÂ continual cycle of Â Â makesÂ learning useful and effective. These acts of mindful nurturing and guidance are examples of natural learning,Â and we perform them instinctively.

Instruction and Assessment Unique to Each Student

So I make math videos with the student and the caregiver in mind. Puzzles and games help children to think creatively and face challenges.

How can you design assessments that promote the learning process? An introduction to the practice of authentic assessment. History teachers can use a storyboard to recreate a famous event.

The 7 Best Assessment Practices and Resources You Can Use Right Now

Use the prompts to intentionally scaffold children's thinking as you coach and model their play. Learn it, test it, and ask questions.

The 7 Best Assessment Practices and Resources You Can Use Right Now

You will be amazed at the creatures that are imagined and constructed.

Remote Assessment Methods and Practices

In doing so, we avoid missed learning opportunities and time spent focusing on activities that they already understand and have accomplished.
