### Multiple myeloma: MedlinePlus Medical Encyclopedia

Blood and urine tests Blood and urine tests are used to check for M proteins. FDA-Approved Treatments The medication s listed below have been approved by the Food and Drug Administration FDA as orphan products for treatment of this condition. If you need treatment, common options include the following: Targeted therapy Targeted therapy medications block a chemical in myeloma cells that destroys proteins, causing the cancer cells to die.

### Multiple Myeloma: Symptoms, Causes, and Risks

Refractory Relapsed recurrent multiple myeloma is the term used when the disease returns after treatment or remission.

### Multiple Myeloma Prognosis

Minimal Residual Disease Each person with multiple myeloma will respond differently to treatment.

### Types of Multiple Myeloma

Multiple myeloma has different intensities and therefore can affect each individual differently. Alternative medicine Alternative medicine has become a popular way to cope with the symptoms of multiple myeloma and the side effects of treatment for the condition. These types of tests are used to determine whether you have multiple myeloma or another condition.

### Multiple Myeloma Types, Symptoms, and Treatments

Keeping your body and mind as healthy as possible can help you cope better with the stress and fatigue you may experience with cancer. Overview of treatment options for patients with symptoms Treatment for people with symptomatic myeloma includes both treatment to control the disease as well as supportive care to improve quality of life, such as by relieving symptoms and maintaining good nutrition.

### Multiple Myeloma Remission

Lymphocytes are in many areas of the body, such as lymph nodes, the bone marrow, the intestines, and the bloodstream. Maintenance therapy has to be used with some caution, although recent studies have shown significant improvement with survival using this approach. The health care team has special skills, experience, and knowledge to support patients and their families and is there to help.

### **Multiple Myeloma Definition and Statistics**

Bone injuries and occur when cancerous cells invade the bone and bone marrow.
