Operational Research Section: final reports on operations, night raids, Nos. 621

All assaults were repelled except one, and that was so harried that of the hundred --180-- or so bombs dropped only six fell on the airfield.

How Allied Air Attacks Evolved During World War II

That the figures were inflated, then, is not to be taken as a criticism of anyone at the time—least of all the pilots. I prayed for a cloud, for something that would ease this one-sided battle; and the, fantastic as it may sound, when I opened my eyes, there, about a mile away and about 1,000 feet above us was a cloud—a big, beautiful cloud. Indeed, it has already been mad clear that Dowding's main problem was not aircraft but pilots.

RAF raid on La Caine (1944)

The shooting down of a spyplane in 1960 confirmed that the Soviet Union did have capable of reaching the heights at which bombers operated. In the next few days the Luftwaffe would establish air-superiority.
