## BC Hydro

Prototypes have been installed for demonstration purposes on loops at the Atomic Energy of Canada Limited Central Research Nuclear Laboratory and at Ontario Hydro's Nuclear Power Demonstration Station. Predominantly it's through 500 kV circuits that go between Bruce and stations that are in Milton and Woodbridge. The Commission's marketing program is therefore directed primarily towards the encouragement of those applications which will further economic and environmental ends, whether these applications are for residential, agricultural, commercial, or industrial service.

## High

It did occur along a distribution power line extending west from the Soda Creek Substation. Since 2002, the stranded debt is being paid down through a Debt Retirement Charge levied upon Ontario ratepayers.

## Agriculture and energy transmission facilities

## Project description

Such a system would be effectively blocked by the closely placed wooden poles of the distribution line. Gas pipelines carry compressible light gas, normally methane, which is propelled by compressor stations along the line.

## BC Hydro

Farmers are not aware of their options when approached for right-of-way easements. They may be converted to horsepower by multiplying by 1.

## **High**

Parsons the basis on which the board established the compensation program, not only for our chief executive officer but for the other senior managers at Hydro One. The one that was clearly preferred suddenly went from what most people felt would be the logical one to receive the award, to third.

## **Rights of Way & Power Lines**

Here are the two options: Please respect private property Transmission lines run through corridors, which BC Hydro manages according to specific property rights acquired by BC Hydro from the land owners.

## **Reliability of Ontario Hydro's 500 kV Narrow Base Transmission Structures**

This Regulation is made in English only. The tallest of these is located near the Tracy power station on the shore of the Saint Lawrence River between and. The Speaker: New question, third party.
