### Chartbook

Spending does not include retail prescription drugs. What portion of expenses does Medicare pay for different medical services? The contents are those of the author s and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS or the U. Kanabec, Mille Lacs and Pine counties have rates of 841 to 1114.

### Preventable Emergency Department Visits

Type of Service For the charts in Section 1, expenses by type of service are classified into six broad categories: hospital inpatient, ambulatory, prescribed medicines, dental, home health, and other.

### CDC

Medicare also paid for substantial portions of inpatient care 32 percent and ambulatory care 16 percent. The vast majority of these expenses were for home health care. In some cases, totals may not add precisely to 100 percent as a consequence of rounding.

### Minnesota Health Care Markets Chartbook

For this report, the five health status categories were collapsed into the following two broad categories: excellent to good health and fair or poor health.

### Chartbook on Healthcare for Veterans

Sanford Health is in Western Minnesota, though mostly in the Southwest; Essentia health is in Northern Minnesota; Mayo Clinic is in Southeast and South central Minnesota; Catholic Health Initiatives in central and West Central Minnesota; CentraCare Health System is in central Minnesota; Avera Health is in Southwest Minnesota; and Allina Health System is in South Central and South East Minnesota. AHHQI HOME HEALTH CHARTBOOK, 2020 This data book, compiled and charted by , summarizes and analyzes statistics on home health from a range of government

sources, including the Medicare Current Beneficiary Survey, Bureau of Labor Statistics, the U. .

### **Chartbook**

The slides also describe the makeup of the uninsured population by the demographic and employment characteristics and provide comparison to the population overall. The number of hospitals stayed the same in both large towns and isolated rural areas, but dropped by five in small town rural areas and by two in metropolitan areas. Finally, it includes information on trends in premiums and underlying costs in Minnesota's private health insurance market.
