## Osher Map Library

Julien Crozet, who visited New Zealand with Marion Dufresne in 1772, wrote: As soon as I obtained information of the voyage of the Englishman, I carefully compared the chart I had prepared of that part of the coast of New Zealand along which we had coasted with that of Captain Cook and his officers.

## The Geological Survey of Newfoundland

Cartographic documents have been used as vehicles of communication by different cultures for many millennia; the earliest map to survive, drawn about 2300 BCE on a clay tablet, was found in the Middle East. John's: The SS Daisy Publication series; St. Its precise location was uncertain and various charts, including that of Vaugondy, which Bougainville was carrying, tentatively linked it to New Holland.

## A chart of the Straights of Bellisle [cartographic material] : with part of the coast of Newfoundland...
