The trauma trap: what's causing inequalities in emergency care?

Ways to Schedule Your First Appointment Ready to book an appointment now? Our intake department is happy to assist you. The fight response is self-preservation no matter who you hurt in the process. The memory of physical and emotional events can linger for a long time in the back or forefront of our psyche.

Practical Trauma

If you are entrapped by your residual feelings from past trauma seek help from a mental health professional immediately to begin your emotional cleansing.

Practical Trauma

Over a period of time, the victim becomes unwittingly conditioned, losing any sense of personal autonomy and self-agency, until finally succumbing to the certainty of personal misfortune. It is important to talk about trauma and to get treatment for PTSD. The United States has a handful of billionaires who collectively own more than half of the combined US population.

The Trauma Trap: Impact on Families and Feeding

It might feel like the brain is trying to make sense of the experience, or figure out if we should have responded differently. No one in the psychological study business, or academia ever decided to study outcomes, because all interventions were considered benign.

The Myth of Trauma

Two events from my own life stand out in this context. Upon closer inspection, we can usually tell what they are trying to accomplish, but it is a strange and unhealthy adaptation of coping mechanism they have chosen to utilize. Think about your health and that of your child before you make your decision.

Trauma Bonding, Codependency, and Narcissistic Abuse

It is quite bothersome for those of us that work closely with children and families that have experienced chronic child adversities during their development.

The Trauma Trap: Impact on Families and Feeding

One way to defeat the negative self-talk that will fill your mind while healing, try practicing the use of positive affirmations.

Three Traps That Prevent Your Trauma

Childhood trauma is suddenly a marketing topic, not a serious social problem. It's common to want to avoid being in crowds after a trauma, even if the traumatic event wasn't caused directly by another person such as an earthquake. Please note, we are not currently accepting Medicaid patients at this time Ways to Schedule Your First Appointment Ready to book an appointment now? To me, all illness is related to and rooted in biopsychosocial and natural dysfunctions or mis-functions.
