## Agricultural input credit in Sub

RTEP also targets at multiplying and introducing improved root and tuber varieties to about 350,000 farmers in order to increase productivity and income. The potentials of rural areas were seen to be both immediate and long term and the idea of opening up of rural areas with feeder roads and integrating it with other parts of the country provided basis for food that could be evacuated to enhance the quantity of food and raw materials consumption. It was reported that annual production of sorghum has continued to increase, even though it is grown only in the Savannah ecological zones of Nigeria.

## Low use of fertilizers and low productivity in sub

Department of Agricultural Extension, University of Nigeria, Nsukka.

## Low use of fertilizers and low productivity in sub

Some theoretical aspects of agricultural policies. Fourth, the success of reforms is heavily influenced by the sequencing of various policy measures. Minimizing this gap through the promotion of modern inputs—such as fertilizer and modern seeds—has been at the core of almost all development strategies in Ethiopia.

## Comparing Liberalisation in Agricultural Input and Draught Animal Markets in Benin

This is because these policies and programmes vary only in nomenclature and organizational network.

## Impact Of Selected Agricultural Policies And Intervention Programs In Nigeria

It started in 1972 in Northern Nigerian towns of Gombe and Gusau with two pilot projects assisted by the World Bank.

### **Input use and market development in Sub**

While accounting for one-third of the GDP, it remains the leading employment sector of the vast majority of the Nigerian population as it employs two-third of the labor force. In: Technology for Sustainable Agriculture in the Tropics.

### **Low use of fertilizers and low productivity in sub**

The thrust of current Nigerian government policy against poverty is to enable the poor and more vulnerable sections of the society to achieve sustainable livelihoods. They were discouraged and some withdrew as soon as the allowances were not given any more. In 1990, farmers in SSA used 8.

### **Rural Finance and Agricultural Technology Adoption in Ethiopia: Does the Institutional Design of Lending Organizations Matter?**

Occasionally, journals transition between publishers.
