### Alvar Aalto

We also accept absentee bids submitted prior to the sale. The organic shape of the wave actualised in glass brings out the natural sensuousness of the material. Condition Reports GUARANTEES The SAS Claude Aguttes is bound by the indications stated in the catalogue, modified only by announcements made at the time of the sale noted in the legal records thereof.

### Artek

Medlem av Finlands akademi 1955, ordförande 1963-1968. John Wilson, an exclusive interview with Shigeru Ban, new translations of Aalto's own writings and a specifically commissioned photo-essay by celebrated photographer Judith Turner, Alvar Aalto Through the Eyes of Shigeru Ban sheds new light on an architect whose work never ceases to inspire. In his town plan Aalto proposed a line of separate marble-clad buildings fronting the bay which would house various cultural institutions, including a concert hall, opera, museum of architecture and headquarters for the Finnish Academy.

### Aalto, Alvar, 1898

Construido en un parque próximo a una iglesia, pero orientado en longitud para dar un frente público al camino que le sirve de acceso, podemos observar en él, en primer lugar, que está compuesto por dos partes o piezas evidentes en el volumen y en la planta, y coincidentes con el gran elemento destinado a la sala principal y con el que podemos llamar de servicios complementarios. The early 1960s and 1970s up until his death in 1976 were marked by key works in Helsinki, in particular the huge town plan for the void in centre of Helsinki adjacent to Töölö Bay and the vast railway yards, and marked on the edges by significant buildings such as the National Museum and the main railway station, both by Eliel Saarinen. He also designed buildings, furniture, lamps, a Finnish architect Alvar Aalto 18981976 was not only influenced by the landscape of his native country, but by the political struggle over Finland's place within European culture.

### Alvar Aalto, 1898

It has been estimated that during his entire career Aalto designed over 500 individual buildings, approximately 300 of which were built, the vast majority of which are in Finland. Kyrka i Seinäjoki, 1952, 1:a pris. Aallon lukuisiin suunnittelutöihin kuuluu rakennuksia Suomen lisäksi muualla Euroopassa ja Yhdysvalloissa.
