Tombs

Sealings of a king named Khent. Archaeologist Josef Wegner, in an article written in the Oxford Encyclopedia of Ancient Egypt Oxford University Press, 2001 estimates that Abydos covers about 5 square miles 8 square km. There were also stone and pottery vessels, two boxes of flint knives, arrows, a few copper tools, two ox skeletons and the fragments of a schist bowl.

King Djer a king of the First Dynasty

Horus Den Djet was followed on the throne by Den, Horus who Strikes, also called Udimu. In 1974, a group of farmers digging wells in Lintong County dug up a life-size terracotta warrior from the ground. It had no stairway, and the superstructure was completely filled with sand mixed with fragments of pottery jars.

The 1st Dynasty Tombs of Saqqara in Egypt

Notable is the true proto-funerary temple found to the north of the , which resembles the later north temple of the Complex. So far, they've uncovered about 2,000 , but experts estimate there are more than 8,000 in total. Author : Ian Shaw File Size : 59.

The "Royal Tomb" of Naqada

The subterranean chambers were found to contain stone vessels, copper and flint tools and clay seal impressions with the of Djer. To learn about the earliest civilization is to learn about ourselves. Journal Information The Journal of Egyptian Archaeology JEA is a leading international journal for the publication of Egyptological research.

Abydos and the Royal Tombs of the First Dynasty on JSTOR

It was not until 1979, after the death of and the end of the , that archaeological work recommenced in earnest and an excavation report was finally prepared by those archaeologists who had survived the turmoil. All that is known about him was that an expedition made its way to the Red Sea and perhaps beyond.
