Family Relationships and Well

Journal of Health and Social Behavior, 47, 1—16. It's open 7 am to 9 pm, 365 days a year, including weekends and bank holidays. For example, black older adults seem to benefit more from marriage than older whites in terms of chronic conditions and disability.

Health and wellbeing resources

Parenting stress of grandparents and other kin as informal kinship caregivers: A mixed methods study. Future research should explore the processes by which strain may have a positive influence on health and well-being, perhaps differently by gender. Even though we are going through a period of isolation, it is important to stay connected and to keep talking! Although caregiving is a critical issue, adult children generally experience many years with parents in good health, and relationship quality and support exchanges have important implications for well-being beyond caregiving roles.

Be Good to Yourself

There are over 100 societies currently affiliated to.

Matt & Andrej Koymasky

It's a simple and great way to calm your mind and body. Connect with your family whether this is eating together, walking together, watching TV together or anything else that you enjoy. Research on Aging, 15, 50—69.
