He thought, too, that a fact of this sort should make us suspicious of any facts we ordinarily think of as positive. All of these concerns are the stuff of existential philosophy. Is it desirable that such a collision come within our view? I've attempted to finish this book twice now and I find myself avoiding my stack of books because I dread it so much.

Miguel de Unamuno

He explains much of human activity as an attempt to survive, in some form, after our death.
