### A KIND OF UNGRADED

The answer was: the graded system, in which every student belonged to a fixed group and was bound to advance through the three grades. The general public had no chance of knowing the basic philosophy of ungraded education individual variation of time, content and level, and most schools looked up to the administration for advice. A KIND OF UNGRADED The Finnish Version of Ungraded School Historically the traditional gymnasium in Finland as well as in other European countries was exclusive and segregating, a school for elite and for screening the upper classes. On their initiative at last the idea of ungraded system was revived in 1985, and new experimentation started after two ears of preparation in six schools on the premises of the earlier experiments about ten years ago.
