## Hyde Park Will Get Compact Target on 53rd St. Next Fall

This double album compiled from these three shows went straight to No. Two CD + Blu-Ray edition. To preserve the excitement of the shows while unveiling the performances in today's best available clarity and quality, GRAMMY Award® winning producer Giles Martin and GRAMMY Award® winning engineer Sam Okell have expertly remixed and mastered the recordings at Abbey Road Studios, including the thirteen tracks from the original album produced by Giles' father, plus four additional, previously unreleased recordings from the momentous concerts.

Daltrey relaxes into his diminished range and Townshend is comfortable being a curmudgeon, while their supporting band sounds brawny and heavier -- not as spry as classic '70s Who, but a sound that suits the duo's nonchalant acceptance of their seniority. This upcoming album features debut single Trouble. As the songwriter Pete Townsend together with Roger Daltrey the singer have every right to call themselves the Who.

## Tapestry: Live in Hyde Park (CD/DVD)

Plus I think the artwork is perfectly fine, the classic Who logo that anyone will instantly recognise and a picture of the Hyde Park stage. The album debuted at 16 in the UK and 19 in the US. The Who spent much of 2015 celebrating their 50th anniversary, releasing a new compilation -- the aptly named The Who Hits 50! The new store will open in late fall 2016 or early spring 2017 and will take up 21,000 of the 28,000 square feet of retail space available in Vue53.

## Live in Hyde Park [CD/DVD/BR] by The Who

Eagle Rock's documents the June 26, 2015 show, presenting it as audio and video DVD or Blu-ray according to your preference and the band sounds older but surprisingly vigorous. It was all filmed in HD of course, and the deluxe edition features two-CDs of audio, a blu-ray and a DVD

of the concert housed in a 60-page hardcover book. Singer, Songwriter and original member of legendary rock band The Rolling Stones, Richards is a rock legend and is among the greatest guitarists of all time.
