Furthermore, these fragments do not emanate from one homogeneous system, as they are the accumulations of at least four centuries, and are traceable to various authors, Palestinian and Babylonian, among whom some were inclined to mysticism.

Encyclopedia of Astronomy and Astrophysics

An allusion to Aquarius is found also in a Babylonian incantation Giṭ.

The latter may possibly be a reference to meteors. Abraham ibn Ezra translated Al-Mattani's Canons of the Khowarezmi Tables, and in his introduction tells a remarkable story of a Jew in India who helped Jacob ben Tarik to translate the Indian astronomical tables according to the Indian cycle of 432,000 years.
