When Cap Guns Were Cool

For those of you who might be as old as I am and your eyes aren't quite what they used to be, here is what it says on this advertisement from the 1960's as well as I can read it! These photos are thanks to. Oh my good right arm for a Carnell Stag Handled Bat Masterson pistol! And yet another Fanner 50 with bullet pak from Jamie Linford.

Here's the Dura-Hyde gun and holster set with the Shootin' Shell Fanner with the display cover intact on the right and that cover removed on the left side.

Fanner 50 for sale

The reason so many people had one when they were children was that Mattel launched a giant advertising campaign to promote them. Virtually every toy manufacturer offered one or more cowboy cap pistol.

Mattel Fanner Cap Guns and other Mattel Toy Cap Guns

Without him the Lone Ranger would have died many times over! Pictures only show 11 total tips, but I added 1. Photos by Tim Tobin Here is a different Fanner 50 box that is from 1958. There are a number of gunfighters that whose names were well-known while they were still alive and are just as quickly recognized today, including , , , and.

Mattel Fanner Cap Guns and other Mattel Toy Cap Guns

Instead, most of these many fights took place in the heat of the moment when tempers flared, and more often than not, with the aide of a little bottled courage. Photos thanks to Steve Arlin. Mattel made some really popular guns, and most are still highly valued.
