Immunocytochemical localization of octopamine in the central nervous system of Limulus polyphemus: a light and electron microscopic study. These pieces, originally published in some of the most prestigious and widely circulated periodicals of the 1920s and 1930s, have been selected in part to indicate the breadth and depth of cultural production during a period when Korean-language publications flourished and the working out of. Catalogue Persistent Identifier APA Citation Hwang, Pyōng-guk.

Staff view: Han'guk künse myōng nonsölchip :

At a time when the Korean literary world was split between modernist and realist tendencies, these works opened a new realm of literature distinct from both.

Han'guk ūi myōng munjang myōng nonsul / Hwang Pyōng

In 1910, when Chŏng was seven, Korea was annexed by Japan. The transformation of cities from only consumers of food to generators of agricultural products contributes to sustainability, improved health, and poverty alleviation. As national sovereignty was lost the imperative to clarify cultural identity became ever more important.
