Virginia Board of Counseling

Now it's a matter of finding the strategies that work best for you. Where are the services to help them keep in touch with family and friends? We need schools, colleges and universities to understand that some of their students face domestic violence, and that this affects their ability to study.

Chronic Pain Management and Opioid Misuse: A Public Health Concern (Position Paper)

Attendees will be able to ask questions throughout the presentation and participate in instructor-led polls.

Alcohol Problems in Intimate Relationships: Identification and Intervention

The disinhibiting contribution of alcohol and alcoholism is the most frequent and well-established biologic agent often associated with sexual abuse, ranging from 19 to 70 percent of reported cases Aarens et al. For example, Steele and Pollack 1968 , in a study evaluating clinical data, found that all 60 abusing parents had been abused during childhood. For example, some studies associated young maternal age with maltreatment Benedict et al.

Chronic Pain Management and Opioid Misuse: A Public Health Concern (Position Paper)

SELF HELP GROUPS Clinicians also should be aware of and familiar with self-help groups. Even where these services exist, they are overstretched. Changes in symptoms of depression included a 34.
