Design Themes in Modern Design Modernism was a rejection of the ornate flourishes of other design styles, such as Gothic, Renaissance and Victorian styles of design. The design also boasts clean lines, chrome accents and a single accent color - red - repeated through the space.

### Modern Furniture, Lighting, and Accessories

Minimalism plays an integral part in modern design, and contemporary design. Though contemporary design is, by nature, fairly ambiguous, there are a few qualities that help define the contemporary style. Goal of being Better For All.

### Modern Furniture Upholstery

A modern home plan typically has open floor plans, lots of windows for natural light and high, vaulted ceilings somewhere in the space.

### Modern House Plans & Home Designs

It's not uncommon to see chrome or stainless steel as part of the furniture, such as table legs or exposed portions of a chair's frame.

### Modern House Plans, Floor Plans & Designs

**Bold Accent Colors** The majority of homes decorated in modern styles use neutral colors and shades of black and white exclusively throughout the home.

### Modern Designs, Inc.

While clutter can mean many things to different people, in regards to modern design it refers primarily to accessories. On the other hand, if modern architecture floats your boat, stay right here and explore some cool modern house plans! If contemporary house plans sound more up your alley, have no fear. Modern design encompasses both the bright and bold designs of a store like and ultra-minimalist furniture at the same time.
