## Wang Yangming — Википедија

Born Wang Shouren in Yuyao, Zhejiang Province, his courtesy name was Bo'an. In 1517 and 1518, he was dispatched in response to petitions to suppress peasant revolts in , and. However, his professional career was later ensured when he became the Governor of Jiangxi.

## Wang Yangming: Idealist Philosopher of Sixteenth

To him, there was no way to use knowledge after gaining it because he believed that knowledge and action were unified as one. After , he is commonly regarded as the most important thinker, with interpretations of that denied the rationalist of the orthodox philosophy of Zhu Xi. Click the link for more information.

## Wang Yangning

Following a broad overview of the center and the borderlands in Chinese political theory, contributions address such topics as Chinese cartography during the Ming and Qing dynasties, marital politics and border stability on the Manchu-Mongol frontier in the early 17th century, philosophical manipulation of border issues by neo-Confucian Wang Yangning 1472-1529 , Qing dynasty historical writing on less than successful military expansionist campaigns in the southwest borderlands, river tributary politics and interstate relations during the late Qing, the relationship between the Guangxi province and Indochina during the Republican period, Chinese Communist Party efforts to settle Han Chinese in the borderlands, and the use of borderlands as places of exile and punishment.

## Wang Yangning: Idealist Philosopher of Sixteenth

The city government in Wang's hometown, , Province, named a middle school after his honorific name. In 1519 AD, while being governor of Jiangxi province, he repressed the uprising of Prince Zhu Chen-hao, and made one of the earliest references in using the fo-lang-ji in battle, a breech loading culverin cannon imported from the newly-arrived Portuguese venturers to China.

## Wang Yangming

Wang earned the degree in 1492 and the degree in 1499. Though he was made an earl, he was ostracized for opposing Zhu Xi.
